Certified

Rentals & Financing Available

Maratek has a variety of payment options, financing terms or rental plans available. Some units are in stock for short lead times. Contact us for more details.

Included Features | Description

Vacuum Assistance	A venturi vacuum system lowers the temperature required to boil solvent.
Automatic Filling with Top Up	Automatic filling from a variety of containers. Topping up is only enabled in approved applications.
Stainless Steel Construction	All product contacting surfaces are 304 Stainless Steel. Other grades available on request.
Remote Access PLC	Lifetime remote viewing, control and Maratek support for your PLC is included.
Anti Spill Sensors	If the clean solvent container is full a sensor will stop additional discharge.
Pneumatic Tilting	The system can be tilted 90 degrees for easy sludge removal and maintenance access.
C1D1	All Solvent Saver systems are MetLab Certified Class I Division I Explosion Proof.
Touch Screen PLC	A 10 inch touch screen is included for PLC control and programming.
480V Electrical Connection	All SSBP systems use a 480V 3 phase 50/60 Hz Connection. Transformers can be provided if needed.
90 PSI Air	All SSBP systems require a 90 PSI compressed air connection.

Optional Features | Description

Nitrocellulose Safety Features	Additional temperature probes and water quenching can be included if your waste contains nitrocellulose.
Water Solvent Separator	Automatic water removal after recovery.
Dual Container Filling and Collection	Allows the system to fill from 2 containers and discharge clean solvent to 2 containers.
Purge Box	This allows the PLC to be placed inside the C1D1 area.
Automatic Sludge Pump Out	If your sludge is pumpable we can program the PLC to automatically discharge it after each cycle.
PLC Screen Size Upgrade	A 15 inch screen option is available.
Spare Parts Kit Available	All systems can be sold with a parts kit to minimize down time. If a part is used during the warranty period it will be replaced as usual.

About Maratek

Maratek is an award-winning industry leader in solvent recycling. We strive for the highest safety and quality standards with all our equipment designated as Class 1 Division 1 certified, and UL listed using only **North American stainless steel, parts and labor.**

For over 50 years, Maratek has been engineering & manufacturing environmentally-friendly, high quality products that recycle solvents for the printing, coating, automotive, aerospace, food, paint, finishing, fibreglass, kitchen, pharmaceutical, manufacturing, and packaging industries.

We have many solvent recovery & recycling equipment solutions to help you stay competitive. Maratek can also provide custom engineering solutions to suit your industrial waste recycling needs.

The Maratek Family of Solvent Recovery Equipment & Services

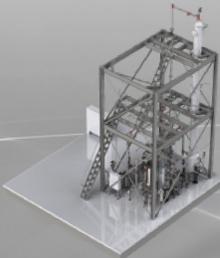

Solvent Saver Batch - SSB

Solvent Saver Batch Premium - SSBP

Solvent Saver Continuous - SSC

Fractional Distillation

Solvent Saver Printing - SSP
